Excess Costs

XTO Energy has advised the trustee that lower oil prices caused costs to exceed revenues on properties underlying the Oklahoma Working Interest net profits interests. However, these excess costs did not reduce net proceeds from the remaining conveyances.

Reserves

The current month distribution includes a deduction of \$100,000 related to the expense reserve. The monthly deduction will remain at that level until the reserve reaches \$1,000,000, which is estimated to be mid-2016. This will allow the trust to pay its obligations should any extraordinary events or expenses occur, especially with commodity prices at the current level. The trustee will continue to evaluate and revise the reserve as necessary.
