The following table shows underlying oil and gas sales and average prices attributable to the current month and prior month distributions.

	Underlying Sales Volumes		Average Price

Prior Month	14,000	147,000	\$77.45	\$6.89

Excess Costs

XTO Energy has advised the trustee that increased costs related to the timing of cash disbursements caused costs to exceed revenues on properties underlying the Texas Working Interest net profits interests. However, these excess costs did not reduce net proceeds from the remaining conveyances.
